\*"Carrying Capacity" refers to the number of individuals that can be supported without degrading the natural, cultural, and social environment, i.e., without reducing the ability of the environment to sustain the desired quality of life of the long term.

Once the November Election is Over, Congress and the New Administration will be forced to actually address and Act on a wide variety of Issues, several of which have been swept under the rug for years, and in some cases, Decades.

"Crises Beget Opportunities" as the Proverb says.

One of CCN's Policy Initiatives already has Strong Bipartisan Support in Congress, the move to Audit The Fed. H.R. 459 has passed the House by a Huge margin: 327-98, with strong support from Left and Right, Democrats and Republicans. Consider: The Fed "did not communicate in key meetings with top regulators, that British bank Barclays had admitted to Fed staffers that it was rigging LIBOR" (the index which sets interest rates worldwide).

Representative D. Kucinich [D-Ohio] continues: "The Fed creates trillions of dollars out of nothing and gives it to banks. Congress is in the dark. The Fed sets the stage for the subprime meltdown. Congress is in the dark. The Fed takes a dive on LIBOR. Congress is in the dark. The Fed doesn't tell regulators what is going on. Congress is in the dark".

And, we add that the private for-profit Fed policies seem mainly to benefit the Mega-Banks (some of whom are The Fed's shareholders). Even now – and certainly if extended into the future – charging Taxpayers "interest" on money that The Fed prints for free greatly exceeds the USA's Budgetary Carrying Capacity. Estimates converge on approximately 25% of the US

government budget going to pay interest on debt, coming within the decade if current trends continue.

The essential First Step toward Change is to Audit The Fed. CCN will continue to push to get that done.

Further, the new Congress and Administration will be forced by the impending Fiscal Cliff to consider All reasonable Avenues for cutting spending. And CCN intends to make it abundantly clear to them that Mass Immigration causes Multi-Billion Dollar Net Costs, and the way to Cut those costs is to dramatically Cut Legal and Illegal Immigration.

"Over a decade ago, Rice University Professor Don Huddle calculated that the NET (after subtracting taxes Immigrants pay) fiscal costs of Mass Immigration were \$93 Billion/Year. And today the NET Costs are much, much Higher, amounting to Hundreds of Billions/Year.

The Child Tax Credit Refunds to Illegal Aliens alone amount to \$7 Billion per Year!!

And fully 36% of Immigrant-headed Households use at least one Major Welfare Program (primarily Food Assistance & Medicaid)! ([www.cis.org](http://www.cis.org))

Further, one in every five students in all public schools in the USA is from an immigrant-headed household ([www.cis.org](http://www.cis.org)). K-12 education expenditures are the principal fiscal cost associated with mass immigration.

And from January, 2009 to July, 2012:

- Foreign-born employment ROSE by 1.417 million, but
- Native-born employment FELL by 1.418 million! ([www.cis.org](http://www.cis.org))

Also, 53.6% of U.S. college graduates under the age of 25 are unemployed or underemployed. Unemployment rates for U.S. STEM (Science, Technology, Engineering, Mathematics) graduates are High as well:

- Information Systems 11.7%
- Computer Science 7.4%
- Mechanical Engineering 8.6%
- Chemistry 6.6%

(Georgetown Univ. Study, "Hard Times...", 1/4/12)

Mass Immigration is not the only force changing the USA. CCN follows up on Cultural Carrying Capacity (per Garrett Hardin's 1986 essay) and a CCN focus initiated in 2010, with the following update.

Cultural Marxism is having a dramatic effect on the USA and other European-derived nations of the West, not only via encouraging Mass Immigration, but also supplanting Free Speech with Politically Correct Speech, and National Unity with Multiculturalism. Important: See CCN's February, 2010 posting "Cultural Marxism – A Threat to the USA?" at [www.carryingcapacity.org](http://www.carryingcapacity.org).

While Cultural Marxism "merely" seeks to impose Politically Correct Speech on Western Nations, Authoritarian Marxism Imposes Jail Time on "Speech Deviants". The model for committing Speech Deviants to Mental Institutions is the Soviet Union, but just last month, a Canadian Citizen working in China for a Fund Manager wrote a Negative Report on the Canadian Silver Miner, Silvercorp (which is mining in China), and was JAILED for such unapproved writing!

The United States is not immune from Unconstitutional Repression of Personal Liberty. Consider the recent [[involuntary]] commitment of former Marine Brandon Raub for comments made on Twitter. Raub was never charged but nevertheless was grabbed off his front porch by various law enforcement personnel and transported to a mental institution three hours away from his home. Raub's attorney said that there have been 20,000 of these civil commitments in Virginia alone and [[that]] veterans particularly are being targeted ([12160.info](http://12160.info)).

If the Suppression of Politically Incorrect Speech is allowed to succeed, the Losing "categories" are predictable. A principal category of losers-by-design are European-Americans. A linked developing Trend flowing from Cultural Marxism is Systematic Discrimination against European-Americans in the U.S. and against European-derived people generally.

Unfortunately, this Discrimination is often coupled with MainStream (Culturally Marxist-compliant) Media Blackouts of such incidents. Hoover Institution Fellow, Thomas Sowell, comments on the Blackout of the race of perpetrators in mob violence incidents. See [lewrockwell.com](http://lewrockwell.com), "Are Race Riots News?", 7/17/12.

Consider the murder of co-ed Megan Boken. The prevailing culture, including some sectors of the criminal justice system, is broken when two men assume they can wander into a neighborhood in order to commit robbery and then randomly choose their victim ([www.stltoday.com](http://www.stltoday.com)).

Similarly, the atrocious Torture and Murder of a white couple in Knoxville, Tennessee, gained virtually no press coverage and no charge of a Hate Crime was forthcoming. Five men were eventually convicted but the sentence is under appeal with allegations that the Judge had consumed an alcoholic beverage sometime in the proceedings.

Among the Many examples which the MSM have failed to report are the case in Kansas in which several European-American family members were abused and murdered, but no "Hate Crime" charges were brought. See "The Real 'Wichita Horror': Media-Induced Passivity," Sam Francis, [vDare.com](http://vDare.com), 9/16/02.

And recently, Whites have begun to be unconstitutionally charged with "Hate Crimes' for Merely Symbolic Expression (i.e. Expression NOT coupled with any threat of Violence). See "'Hate Crimes' Washington's War Against White Working Class Dissent," Nicholas Stix, [vDare.com](http://vDare.com), 5/26/12.

CCN intends to continue to expose such Outrages both here and abroad. The Culturally Marxist-inspired culture that discriminates against European-Americans was a long time in building and reversal cannot come overnight. Keeping up the pressure and publicizing these incidents, (which the MSM refuses to do) is an important effort.

Most immediately, reducing Mass Immigration is a very important legislative objective. State law is able to discourage the settlement of illegal aliens. But the legal immigration of more than 1.5 million annually must be addressed by Congress.

CCN advocates a zero-net immigration Moratorium Merely advocating reductions in a few Categories (without also advocating a Moratorium) facilitates a continuation of Mass Immigration because it sends the "Message" that Mass Immigration is OK if we just reduce a few Categories.

Supporters should continue to ask their elected representatives to sponsor legislation that enacts such a zero-net Moratorium which would allow no more than about 150,000 immigrants annually.

Ask your Candidates for office the hard immigration questions.

And we encourage all to ask Majority Leader Reid (D-Nevada) to move S. 202, the Senate Audit The Fed Bill to the Senate Floor for a Vote.

To continue its work, CCN needs your Direct Support.
